## Discover Antarctica

*"We must always remember with gratitude and admiration the first sailors who steered their vessels through storms and mists, and increased our knowledge of the lands of ice in the South."*

ROALD AMUNDSEN · POLAR EXPLORER

### Landscape

Antarctica is a remote, magical place that will greet you with its awe-inspiring beauty. See peaceful bays dotted with colossal icebergs; cruise along deep fjords and see massive glaciers; be amazed by sharp snowy peaks that jut out of the sea.

### Adventure

Adventure awaits in Antarctica. Cruise at sea level with our Zodiac boats and feel the spray of seawater on your cheeks. Follow in the footsteps of early explorers as you hike on Antarctic soil. Join our optional sea kayaking and hiking & snowshoeing programs.

### Glory

Set foot on the seventh continent and add a new destination to your travel list. You will bring home indelible memories, while tales of your adventurous journey will arouse the curiosity and admiration of your friends and family.

### Wildlife

In the austral summer, large numbers of penguins, whales, seals, and seabirds congregate along the Antarctic Peninsula to feed and reproduce. Present in abundant numbers, these animals will provide endless inspiration for your photographs.

## Antarctic Air-Cruise Model

There was a time when adventure travellers who wanted to reach the Antarctic Peninsula had only one option: to sail across the tempestuous Drake Passage. Since 2003, Antarctica21 has been giving you a more comfortable alternative.

### Fly the Drake

A two-hour flight takes you from Punta Arenas, in the Chilean Patagonia, directly to Antarctica where you board your expedition ship. You thereby avoid the stormy seas of the Drake Passage – and the potential seasickness – and experience only the best Antarctica has to offer.

### Sail Antarctica

Antarctica21 offers a boutique-style wilderness adventure, not a cruise. Feeling more like private yachts than cruise ships, our small expedition vessels give you privileged access to Antarctica, taking you

where larger ships cannot. With a smaller number of passengers, disembarkation is fast and efficient so you spend time exploring, not waiting.

---

#### Key Benefits

---

**Comfort:** Avoid storms in the Drake Passage

---

**Speed:** Get to Antarctica quickly and save time

---

**Size:** Enjoy a small-ship, yacht-like experience

---

# IMPORTANT INFORMATION

# Planning Your Trip

## The Nature of Expedition Travel

Our air-cruise expeditions are suitable for adventurous travellers who enjoy full mobility and reasonably good health. Expedition travel to Antarctica requires flexibility and adaptation to ever-changing circumstances. There is no airport or port infrastructure at King George Island, or anywhere in the Antarctic Peninsula. Travellers reach the ship by Zodiac boat.

## Your Travel Companions

Antarctica21 offers its expeditions worldwide. Each year we welcome travellers from over 40 different countries. They may travel alone, as a family, or as part of a group. While some of your travelling companions may speak different languages and have different customs, they will share your passion for adventure and interest in the natural world.

## About Your Arrival and Departure

Magellan Explorer Inaugural Air-Cruise will start with a 3 PM transfer from the Cabo de Hornos Hotel in Punta Arenas to the ship.

If you are joining any other air-cruise starting in Punta Arenas, you must plan to arrive with a flight that is scheduled to land in Punta Arenas no later than 2 PM on Day 1 of the itinerary. The same deadline applies to travellers arriving directly at the hotel on Day 1. That afternoon, all travellers must attend a mandatory safety and Antarctic guidelines briefing, and an information session covering important practical details. You must also attend a fitting session for your expedition boots. Participation in these activities is essential for the success of the expedition. Travellers who miss the 2 PM arrival deadline will be considered “no-show”. They will not be able to participate in the expedition and will receive no refund. Remember that scheduling tight connections is never wise when travelling to remote places with limited services. Protect your travel investment by building some buffer in your travel plans in case of problems with luggage delivery, flight delays etc. In case your flight into Punta Arenas is delayed

for reasons beyond your control, Antarctica21 will do everything possible to accommodate your late arrival. However, Antarctica21 cannot assume any responsibility for any resulting complications, including your inability to join the expedition. We recommend you purchase a trip cancellation and interruption insurance policy to cover this risk.

For Antarctica Express Air-Cruises: boarding in Ushuaia is between 3 PM and 4 PM. At 4 PM boarding will close.

Antarctica21 strongly suggests that a flexible air ticket be held for your journey home in case you need to change your travel arrangement following a delay of the return flight from Antarctica. Please ask your travel consultant for assistance. See also the sections on possible flight delays and related contingency plans further down.

## Participation Form

Participants are required to fill and sign an on-line Participation Form, and to return it to Antarctica21 at least 120 days prior to departure. Participants 75 years of age and older must submit a medical certificate.

## Medical Insurance

Antarctica21 requires participants to be adequately covered by a travel insurance policy that covers aero-medical evacuation from Antarctica as a result of a medical emergency during the trips, including emergencies related to pre-existing health conditions.

## Itinerary

Every effort will be made to adhere to the planned program. However, with this type of adventurous travel to Antarctica, changes to the itinerary may occur due to severe and unpredictable weather. We need to emphasize the fact that weather conditions are unpredictable and that safety is always the paramount concern on any Antarctic voyage. For this reason Antarctica21 reserves the right to change the itinerary described due to weather conditions or other factors beyond Antarctica21's control without consulting the participants.

## Cancellation Insurance

Antarctica21 strongly urges participants to be adequately covered by trip cancellation and interruption insurance.

## Baggage and Baggage Allowance

We recommend that clients avoid expensive designer luggage that is easily damaged. We also strongly recommend that clients take out a luggage insurance policy that covers the cost of repairs or replacement in case their luggage is damaged. Due to the nature of the expedition, and as stated in our Terms and Conditions of Sale, Antarctica21 cannot be responsible for any damage to a customer's luggage.

The maximum weight allowed on the flights to and from Antarctica is 20 kg (44 lb.) per passenger, including hand luggage. For Classic Antarctica and Polar Circle Air-Cruises, excess luggage will be kept in custody in Punta Arenas and will be handed over to travellers upon their return from Antarctica. For Antarctica Express Air-Cruises, excess luggage will be disembarked at Port Williams and will be sent to Punta Arenas by air cargo at the traveller's expense. It will be available for pick up in Punta Arenas upon the traveller's return from Antarctica. The baggage weight limit is a technical requirement imposed by the flight operation. Unfortunately, it is not possible to purchase extra allowance.

Note that at certain points during the expedition you will be required to handle your own luggage.

## Expedition Language

The official expedition language of our air-cruises is English. The voyage will take travellers to remote destinations where the interaction with our polar guides is essential. In the interest of safety and for the enjoyment of the experience we strongly recommend that travellers who do not understand English are accompanied by someone who does, such as a friend, a family member, or a Tour Leader.

## Possible Flight Delays and Contingency Plan

Flights to and from Antarctica operate based on weather conditions. While historically only a minority of flights have experienced a delay, you should be prepared for that possibility.

## Contingency Plan

Antarctica21 has been organizing Antarctic air-cruises since 2003. Over these years we have gained extensive experience in the delicate coordination of land, air and sea operations in the extreme Antarctic environment. While historically a majority of flights has operated on the scheduled day, in some instances weather conditions have required that adjustments to the departure time of Antarctic flights be made to avoid protracted delays. In the unlikely event that the flight to Antarctica cannot take place on the scheduled day due to unfavourable weather conditions, we will apply a Contingency Plan.

The Contingency Plan is included in the cost of your expedition. The primary goal of the plan is to provide an engaging and comfortable travel experience while we adapt to the weather. A change in the flight schedule can impact travel to Antarctica or return back to Punta Arenas, and the plan includes a range of activities determined by the circumstances. Additionally, the Contingency Plan offers you financial protection by providing a refund should weather conditions prevent us from reaching Antarctica.

### The Details

#### **In case the outbound flight to Antarctica is moved forward**

In some cases it may be necessary to move forward the Antarctic flight to the afternoon or evening of Day 1 of the itinerary. This will result in early departure from Punta Arenas and early arrival in Antarctica.

#### **In case the outbound flight to Antarctica is delayed**

The group will remain in Punta Arenas while waiting for an improvement in the weather and for the opportunity to fly to Antarctica. Included are accommodation at the Cabo de Hornos Hotel or similar, meals, and guided excursions to local attractions. If by 2 PM on Day 4 of the itinerary it is still impossible to reach Antarctica, the trip will be interrupted and the cruise fare will be refunded.

#### **In case the return flight to Punta Arenas is moved forward**

In those cases when the forecast suggests the likelihood of unfavourable weather conditions in Antarctica persisting for several days, the flight back to Punta Arenas may be moved forward to the previous evening as a way to avoid a protracted delay in Antarctica. Accommodation at the Cabo de Hornos Hotel

or similar is included upon arrival. All other inclusions will remain per the original itinerary.

#### **In case the return flight to Punta Arenas is delayed**

The group will remain in Antarctica and wait for the opportunity to fly to Punta Arenas. In the extremely unlikely event that the delay exceeds 2 days and the weather forecast indicates the impossibility to fly over several more days, on OCN10-PC, OCN18-PC, MAG08-CA and HEB05-CA for safety reason the captain of the vessel may decide to sail back to South America. Included are meals and accommodation on the ship, and local excursions. Upon arrival in Punta Arenas, the trip will end at the airport. Travellers are responsible for any expenses associated with the rescheduling of their airline tickets or onward travel plans.

Please refer to the Contingency Plan section of our Terms and Conditions for further details.

## Useful Tips

### Suggested Clothing

The average temperature in the Antarctic Peninsula area during the austral summer is about 0°C (32°F), although sometimes it may feel a little lower because of the wind chill factor. For this reason, it is best to wear several layers of light, warm clothing. The suggested clothing for Antarctica is very similar to that recommended for skiing: thermal underwear, a couple of warm and wicking mid layers, and windproof and waterproof jacket and pants as the outer layer. You will also need a hat, a scarf, waterproof and insulated gloves, and sunglasses with high UV protection. The pre-departure material provides further details.

### Waterproof Boots

As most landings in Antarctica are “wet landings”, the best footwear is knee- high waterproof boots. You will not need to carry them with you since Antarctica21 will provide you with a pair of thermal rubber boots before arriving in Antarctica.

### Face Protection

Good quality UV filtering sunglasses are essential. Glacier glasses have leather flaps at the sides to stop the light from passing through. Due to the high reflectance of UV radiation, you will also need good sun block lotion for your face (protection factor 30 and above) and lip balm.

### On-Line Gear Shop

Antarctica21 is pleased to offer you the exciting opportunity to get equipped for your Antarctic air-cruises through our on-line store, the Antarctica21 Gear Shop. With a simple click on

the “Gear Shop” button at [www.antarctica21.com](http://www.antarctica21.com) you may browse and shop from a unique collection of high quality apparel and gear that will help you get ready for your polar adventure.

### Photography

To see the wildlife you should have a good pair of lightweight binoculars (the suggested magnification is 7× or 8×). If you are passionate about photography, do not forget a good zoom lens to shoot wildlife while avoiding close approaches. Also, take with you a good supply of memory cards and spare batteries since cold temperatures can reduce their life span.

### Furthermore...

Do not forget to take with you:

- Personal medications.
- Backpack to carry your belongings during shore excursions.

The following payment, cancellation and refund policy will apply in the case of individual bookings; in the case of charters (booking of the entire tour and vessel) or group bookings specific payment, cancellation and refund terms can be negotiated and agreed upon by separate contract. In the case of cancellation of a booking, which must be done in writing by the passenger, the following terms will apply:

- Cancellation received between 179 and 120 days prior to departure: there will be no refund of the deposit paid.

Upon cancellation, the passenger releases the cancelled cabin and all rights over it to Antarctica21.

Antarctica21 reserves the right to cancel a tour prior to the scheduled date of departure for any reason whatsoever. The decision to cancel a tour is within the sole and absolute discretion of Antarctica21. In the event of such a cancellation, all monies received by Antarctica21 from the passenger or the passenger's booking agent for that tour will be refunded, including the deposit mentioned in the General Booking Terms. Antarctica21 shall not be liable for any special or consequential damages, whether known or unknown, neither for any costs of air ticket, hotel or similar expenses that the passenger may have incurred in or will incur in, under any circumstances whatsoever.

Antarctica21 also reserves the right (in its sole and absolute discretion) to alter or omit any part of the itinerary with due notice to the passengers wherever practicable. Such rescheduling does not constitute a cancellation by Antarctica21. All reasonable efforts will be made by Antarctica21 to ensure that the passenger's travel objectives are met. Antarctica21 strongly recommends all passengers to purchase a travel cancellation and interruption insurance as protection

against an unforeseen event which may force them to cancel their booking before departure or leave a tour while it is in progress.

## Prices

The prices of tours are indicated in U.S. dollars (USD). Prices quoted are based on tariffs, exchange rates, and fuel prices in effect at time of publication and are subject to change prior to departure. Substantial changes in taxes, tariffs, exchange rates and fuel prices can increase the cost of expedition arrangements significantly. Antarctica21 reserves the right to alter prices or introduce surcharges accordingly, even when payment has already been received in full.

## Responsibility

Antarctica21 is not responsible for any expenses incurred by the passenger or passenger's booking agents in preparing for the voyage, including non-refundable or penalty-carrying airline tickets, special clothing, visa or passport fees or other voyage related expenses. A tight time-schedule connection with an Antarctic voyage is unwise. For this reason, Antarctica21 strongly suggests that a flexible air ticket be held for your journey home. In no case is Antarctica21 responsible for any expense or penalty incurred by the passenger or passenger's booking agents deriving from a change in the ending date of the tour.

Participants should understand that there are certain known and unknown hazards involved in Antarctic voyages, which they accept willingly and voluntarily at their own risk at the moment of forwarding the deposit. Antarctica21 will not be liable for any illness, injury or death sustained during a tour, nor will it be liable for any uninsured loss or damage of property of any participant, whether caused in whole or in part by the negligence of the owners, directors, agents, officers, employees, contractors or subcontractors of Antarctica21, or those acting as its agents.

Antarctica21 shall not be responsible for any injury to persons (whether or not resulting in death) or damage to property arising out of any act of war, terrorism, insurrection, revolt or other civil or military uprising occurring in the countries of origin, destination or passage. Antarctica21 acts only as agent on behalf of shipping and transport companies, airlines, hotels, and other suppliers providing services that are included in the tour, and as such Antarctica21 will exercise every possible care. However Antarctica21, its subsidiaries and/or associated agents shall not be held responsible for property loss or damage and/or any damages resulting from illness, personal injuries or death that may be sustained by reason of, or while engaged in, any tour

whether due to the ownership, maintenance, use, operation or control of any air, sea or land carrier or any other conveyance used in carrying out these tours. Antarctica21 can assume no liability due to any cause whatsoever whether caused by failure or delay or other irregularity, acts or omissions occurring during a tour under which the means of transportation or other service provided thereby is offered or supplied by owners, operators or public carriers for whom Antarctica21 acts only as agent. The Passenger Contract in use by the carriers concerned (when issued) shall constitute the sole contract between the transportation companies and the purchaser of these tours and/or passage. By accepting Antarctica21's Terms and Conditions, the passenger also accepts without reservation the provisions contained in the Passenger Contract in use by the shipping and transport companies, airlines, hotels, and other suppliers providing services that are included in the tour.

Antarctica21 strongly urges participants to check with their insurance agent to make sure that they are adequately covered for all eventualities. In the case of a medical problem arising during the tour, including those related to pre-existing conditions, which results in costs for evacuation or repatriation, the responsibility for payment of these costs belongs solely to the passenger. Antarctica21 requires that such eventualities are covered by travel insurance. If not covered by travel insurance, the responsibility still remains with the passenger and Antarctica21 specifically declines any responsibility whatsoever.

Antarctica21's staff, agents and representatives, other than an Officer of Antarctica21, are not entitled to promise refunds for whatever reasons, and Antarctica21 will not be bound by any such oral or written promises.

### Itinerary

Antarctica21 has the duty to advise you that all operations carried out in the Antarctic territory are subject to constantly changing weather conditions and that the safety and comfort of passengers and crew will never be put at risk by taking actions that may result in a disappointing end to a unique experience.

This is a voyage to a remote part of the world, and Antarctica21 reserves the right to change the itinerary described in the brochure due to weather conditions, availability of anchorages or landing sites, safety of the carrier and human lives, political conditions and other factors beyond Antarctica21's control without consulting the participants. On any flight (to or from Antarctica), or in any sea operation, such operations will be carried out exclusively and absolutely according to the judgment of the Captain of the aircraft or the vessel, whose decision will be definite and will not

be questioned by any party. It is understood that such decisions will be made in the best interests of all the passengers and with regard to the safety of the vessel and the aircraft. Participants have no right to any refund or other considerations in the event of these inevitable itinerary changes. In case that the flight to or from Antarctica cannot take place due to unfavourable weather conditions either at point of origin and/or destination, Antarctica21 will apply the Contingency Plan corresponding to each voyage.

### Mean of Conveyance, Accommodation, Infrastructure, and Services

Keeping in mind that safety is the paramount concern, Antarctica21 will make all efforts to carry out the itinerary detailed in the itinerary corresponding to each tour by using the means of conveyance, accommodation, infrastructure, and services arranged to this end. However, Antarctica21 reserves the right to use substitute means of conveyance, accommodation, infrastructure, and/or services in the case of unfavourable conditions or other factors that Antarctica21 considers convenient, either at point of origin and/or transit and/or destination.

The use of substitute means of conveyance, accommodation, infrastructure, and/or services will be carried out exclusively and absolutely according to Antarctica21's judgment. It is understood that such decision will be made with regard to ensuring the safety of air, land and sea operations, accomplishing the itinerary of each tour, maintaining standards of service similar to the ones originally arranged, and in the best interests of all the passengers.

Participants have no right to any refund or other considerations in the event of using substitute means of conveyance, accommodation, infrastructure, and/or services.

### Admittance

These tours are intended for persons in reasonably good health. By forwarding the deposit the passenger certifies that he/she does not have any physical or mental conditions or other condition or disability that can create a hazard to himself/herself or other passengers. By submitting the Participation Form to Antarctica21, the passenger:

- Declares under his/her sole and unique responsibility that the information contained in the form is true, complete, and updated to the time of travel and that he/she is fit and fully able to participate in the voyage, is able to take care of himself/herself during the voyage and will not be an obstacle for the enjoyment of the trip for all other passengers;
- Accepts that the expedition will take him/her to remote areas without sophisticated medical facilities

and understands that medical attention aboard the ship is limited to basic care, and that an emergency evacuation may be delayed;

- Undertakes to ensure that for the duration of the tour, including possible delays, he/she will carry any and all necessary medications, and in sufficient quantity, to prevent, counter, or remedy any effects on his/her health that could be caused by his/her medical condition;
- Understands and accepts that Antarctica21 and its providers cannot, and will not, be held responsible or liable for any possible consequences resulting from his/her health condition during or after the program, and specifically for any food, beverage, ingredient, or any other substance that could cause a direct or indirect allergic reaction;
- Understands and accepts Antarctica21's policy regarding the acceptance of pregnant women on Antarctic voyages as presented in the Participation Form, including Antarctica21's right to deny or limit participation should any information regarding a pregnancy be omitted in full or in part;
- Accepts that Antarctica21 reserves the right to request additional information regarding his/her health and physical suitability to participate in an Antarctic expedition.

Antarctica21 welcomes on its tours children 8 years of age and older, provided that they comply with the requirements applicable to all passengers and that an adult taking full responsibility of the minor accompanies them.

Regardless of the above, Antarctica21 reserves the right to exclude a passenger from part or all of the tour, should the passenger be considered by Antarctica21 to be not physically able or prepared to participate safely.

Should a passenger's application for participation in a tour be justifiably declined by Antarctica21 prior to the scheduled date of departure of the tour, Antarctica21 will refund all payments received from the client less an administrative fee equivalent to 75% of the Deposit paid only if the Participation Form is received by Antarctica21 at least 120 days prior to the departure date, and this will be the limit of Antarctica21's liability.

Antarctica21 shall not be liable for any special or consequential damages, whether known or unknown, under any circumstances whatsoever. Antarctica21's decision to decline a passenger's participation in any tour shall be taken in its sole and absolute discretion.

Antarctica21's leaders and guides will do their utmost to ensure that any problems are solved for the benefit of the group and the voyage as a whole. Passengers accept Antarctica21's authority (whether it be a Captain, Expedition Leader, Operations Manager or Field Guide) to make decisions affecting the group or individuals. For instance, an individual may be

denied participation in a tour, or his/her participation in certain activities may be denied or restricted by an Antarctica21 leader, if that individual's health is at risk, if an illegal act is committed, or if his/her behaviour becomes detrimental to the safety, enjoyment or wellbeing of the group. Should an Antarctica21 leader take such action, that person would not be entitled to any refund whatsoever. If the disturbing behaviour or damage (as described above) should occur, all costs resulting from this shall be charged to the passenger.

### Baggage

The passenger's baggage, including all his/her belongings, is under his/ her sole and exclusive care and responsibility. The passenger accepts that Antarctica21 shall have no liability for loss or damage howsoever caused, even if by the negligence of the company. Antarctica21 strongly recommends to passengers to obtain insurance for all baggage and other personal property.

The passenger is not allowed to transport, not bring or have aboard any firearms, flammable or hazardous items, controlled or prohibited substances or drugs, contraband or items prohibited by any country or port or airport to be visited, or any other item that is not admitted by the Passenger Contract of shipping and transport companies, airlines, hotels, and other suppliers providing services that are included in the tour.

On the flights to and from Antarctica, the maximum baggage allowance for each passenger, including hand luggage, is 20 kg (44 lb.). Baggage exceeding the maximum weight will be refused on board the aircraft and will not be allowed. Excess baggage allowance cannot be purchased. For Air-Cruises starting in Punta Arenas, exceeding luggage will be kept in custody and will be returned to passengers upon their return from Antarctica.

### Use of Personal Equipment

Antarctica21 does not allow the use of motorized or naturally powered equipment by passengers during its expeditions. This includes the use of unmanned aerial vehicles (drones), radio-controlled surface and underwater vehicles, kites, and all types of equipment that could result in contamination of the Antarctica environment or harm to its wildlife.

### Use of Personal Data

Passengers' personal data collected by Antarctica21 are used exclusively to provide the services of the tour booked, and to manage the passenger's security, safety, and wellbeing during the tour. As necessary, data will be shared with third party service providers, such as transportation, accommodation, and insurance providers, who collaborate with

Antarctica21 on the delivery of the tour. Data will also be shared with authorities as required by law, regulation, or court orders.

### Photography and Video

Passengers extend Antarctica21 permission to take their photograph and video during the voyage and authorize Antarctica21 to make use of such photographs and video for promotional purposes and to illustrate the trips organized by the company. Passengers who do not wish to be photographed or videotaped during the voyage must inform Antarctica21 in writing, prior to the voyage. Antarctica21 will not be held responsible for the usage of photographs and/or videos taken by third parties during the tour.

### Law and Jurisdiction

This Agreement, its interpretation, and any dispute hereunder shall be governed by and construed in accordance with the laws and the jurisdiction of the Republic of Chile, with the only exception of the maritime cruise, which is ruled by specific provisions contained in the Cruise Contract. In case of any dispute, the Spanish text of Antarctica21's Terms and Conditions is applicable.

### Contingency Plan

A Contingency Plan is in place for those cases when weather conditions require that the day of operation of the flight between Punta Arenas and Antarctica is modified from the itinerary. The purpose of the Contingency Plan is to provide travellers with a flexible travel experience that adapts to the weather conditions, and to provide a refund of the cruise fare in case weather conditions prevent clients from reaching Antarctica.
